PROFESSIONAL SUMMARY

Software engineer with 5 years of experience building React and TypeScript applications across web, mobile, and Microsoft Teams. Delivered custom web applications, CMS platforms, and a Teams onboarding integration that reduced task-entry time by an average of two minutes.

TECHNICAL SKILLS

- **Frontend:** JavaScript (ES6+), TypeScript, React, React Native/Expo, Next.js, Vue, CSS3, Material UI, Ant Design
- **Forms & UI Patterns:** React Hook Form, Formik, Yup, Custom Hooks
- **Backend, APIs & Cloud:** C#, .NET, GraphQL, API Middleware, AWS Amplify Gen 1, DynamoDB
- **Tools & Integrations:** Git, GitHub, VS Code, Claude Code, Microsoft Teams Toolkit
- **Delivery:** Technical Leadership, Cross-functional Collaboration, Agile/Scrum, Workflow Optimization

PROFESSIONAL EXPERIENCE

ATA

Software Engineer - Fullstack

Jul 2024 - Jul 2026

- Developed a cross-platform social media application using React Native/Expo, GraphQL, and Refine, integrated with a Next.js CMS.
- Designed and deployed a Microsoft Teams application to streamline client onboarding, reducing task time by an average of 2 minutes per entry
- Collaborated with Product Management on workflow improvements that clarified requirements and improved team execution.

C4 Solutions

Lead Frontend Engineer - React/TS

Jul 2022 - Jul 2024

- Partnered with a senior engineer to take greenfield projects from concept to launch across design, backend, and frontend teams.
- Mentored a junior engineer through onboarding and code reviews, providing technical guidance and feedback.
- Managed technical debt and project health by overseeing GitHub issues, workflows, and the documentation of user stories and bug reports

Frontend Engineer - React/TS

Jun 2021 - Jul 2022

- Engineered scalable React and TypeScript SPAs focused on maintainability and performance.
- Optimized type safety by implementing advanced TypeScript patterns, reducing production errors and console warnings by 50%.
- Developed custom hooks and API middleware to streamline data fetching and state management across functional components.
- Partnered with Product Owners to design and implement UI for client-facing applications.

EDUCATION

Nashville Software School

2020 - 2021

Certification, React, .NET Framework

Nashville

- **Coursework:** HTML, CSS, JavaScript, React.js, C#, .NET

Belmont University

2011 - 2016

Bachelor of Science, EIS

Nashville

CERTIFICATION

- React, .NET Framework, Nashville Software School: Nashville | 2020 - 2021
